EXCEPTIONAL SOUND QUALITY

The power of this 60W RMS boombox (120W peak power) lies in its design: a powerful digital amplifier combined with two subwoofers and passive radiators to let you enjoy your music a distortion-free. Powerful bass let you hear your music like never before, and make it irresistibly catchy. A balance between treble and bass allows you to enjoy every tone of the music.

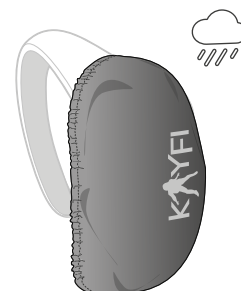

TAKE IT EVERYWHERE WITH YOU!

Thanks to its unique backpack specially designed to follow you everywhere you go, you will never have to leave your Boombox Kayfi behind. This french designed carry bag was created to withstand any rough situation thanks to its padded shoulder strap with a pocket to keep your smartphone. A strap at the waist allows you to adjust the hold of your bag to follow you in your dance movements, during your sports sessions, and more.

WATERPROOF IPX7

Rigorously tested to meet the criteria of the IPX7 protection index, the boombox is perfectly waterproof. It is water resistant, so it continues to work flawlessly when splashed or submerged. It is also protected against dust and sand. So you can take it to the beach or to the swimming pool. Outstanding sound quality!

A waterproof cover is also provided for rainy days to protect your boombox

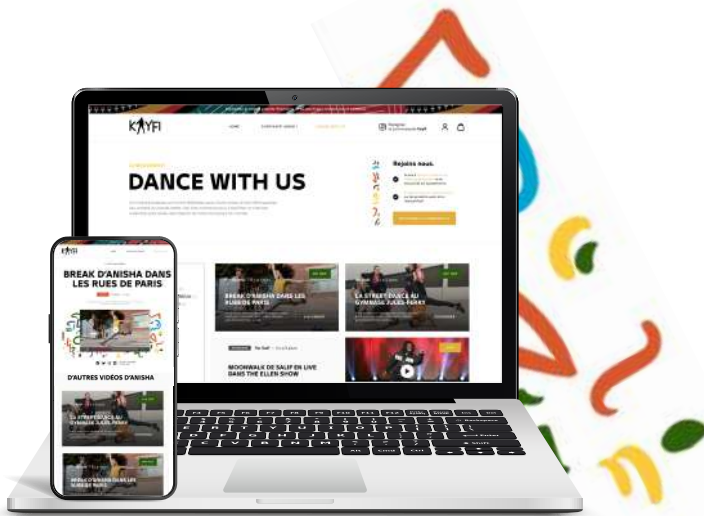

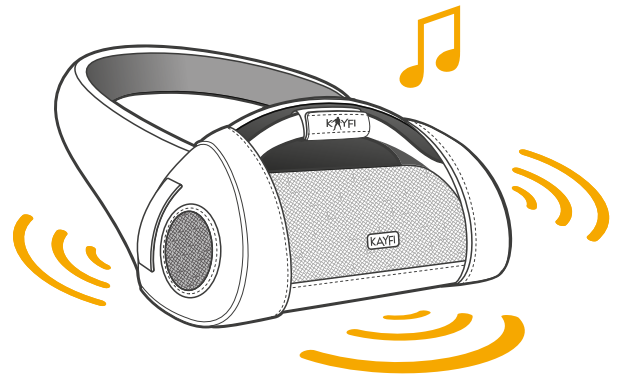

UP TO 25H OF AUTONOMY

The Kayfi boombox provides up to 25 hours of play without recharging the battery. Enough to allow you to enjoy every moment of your day/evening to the rhythm of the music.

CLEAN AND ROBUST DESIGN

The boombox offers a sleek design with a sturdy handle for easy carrying. A touch of fun to recall the Kayfi DNA with colorful subwoofers that will not go unnoticed and leave no one indifferent. The carrying bag has been designed to follow you everywhere and therefore, it offers unflinching robustness. Above all, you can hear your music even when the boombox is inside, let the Kayfi power resonate!
